

WILL CONFER
WITH CARRANZA

President Carbajal Sends
Word of His Deter-
mination

TO BRING ABOUT
TRANSFER OF POWER

Communication Was Direct-
ed to the Brazilian
Minister

Mexico City, July 23.—President Carbajal informed the Brazilian minister last night that an arrangement had been reached whereby a conference would be held between the government and Carranza delegates, with a view to providing for a peaceful transfer of power. The president telegraphed the Carranza representative in the United States asking if the Mexican delegates to the recent Niagara Falls conference were acceptable.

PROTRACTED SESSION
ON HOME RULE

Was Held To-day, After Which Premier
Asquith Had 10-Minute Session
with King.

London, July 23.—To-day's session of the conference of political leaders, called together by the king, in an effort to bring about a solution of the home rule difficulty, was more protracted than previous ones. It will be continued tomorrow. After adjournment to-day, Premier Asquith had an audience for 10 minutes with the king.

Sir Edward Carson, it is understood, stands out for the complete exclusion of six counties in Ulster from the operation of the home rule bill, including Fermanagh and Tyrone, while John Redmond declines as firmly to go beyond the concessions Premier Asquith already has made in permitting county referendums and unless some way in which difficulty is discovered at the 11th hour it is believed that Premier Asquith to-day will be obliged to announce the failure of the conference.

Premier Asquith's assurances to the Parliament yesterday, assuming full responsibility for the king's speech and declaring that no constitutional precedent had been contravened, allayed much of the angry feeling among the Liberals, or at least transferred it from the king to the premier himself.

Active negotiations are proceeding outside of Buckingham palace between the party leaders. Premier Asquith had an interview last night with Lord Lansdowne and Andrew Bonarlaw, the opposition leaders, between two separate sittings of the cabinet.

All kinds of rumors are current, one that Winston Churchill, first lord of the admiralty, representing the minority in the cabinet favoring the claim cut exclusion of Ulster, had threatened to resign; another that the king will make another dramatic move at the conference and that a speedy general election has become inevitable.

ARE TIRED OF WAITING.

New York Democrats Want Share of
Patronage.

Washington, D. C., July 23.—Long smoldering resentment of members of the New York City delegation in the House against what they term unfair treatment accorded them by the administration in the matter of political appointments culminated last night by a call by Representative Fitzgerald for a meeting of the 20 New York representatives in his office Monday "to take some decisive action regarding the situation."

Mr. Fitzgerald issued a statement saying the purpose of the gathering was to "arrange for presenting to the president certain facts which have been ignored by those professing his confidence." He said the New York members would go to the president as friends and were confident they would be received in the same spirit, that they believed that if they met the president in person he would adjust the situation with fairness and wisdom.

New Yorkers, the statement declared, had supported the administration and had not "persecuted either President Wilson or his advisers with demands for patronage," and most of them are up for re-election. Yet, it continued, "they have been pictured as representatives of crooks, and grafters and buccanniers; and their slanderers profess to be the authorized spokesmen of the administration. We are confident that such action has not had the president's approval."

Postmaster General Burleson had a conference with the president yesterday regarding a large number of New York postoffice appointments still pending and it was said later that some of them would be made shortly.

It is understood that the president has been trying for some time to find a solution for the troublesome situation growing out of New York appointments generally. It is said his advisers have differed widely, although most of them are interested in bringing about the downfall of Tammany.

AN ALL-NIGHT FIRE.

In Streets of St. Petersburg Results in
Many Casualties.

St. Petersburg, July 23.—At least five striking workmen were killed and eight were seriously wounded during an all night fight in the streets of the city between strikers, troops and police. Three police officials are known to have been severely injured.

These figures are official, but it is generally believed the casualties among strikers were much heavier. One hundred and twenty thousand workmen are on strike in the city.

WILL CONCLUDE TO-DAY.

Presentation of Evidence in Caillaux
Murder Trial.

Paris, July 23.—The court room in the palace of justice, where Madame Caillaux, wife of the former premier, is undergoing trial for the murder of Gaston Calmette, was crowded to-day. Many people had come with a desire to obtain an opportunity of seeing Joseph Caillaux confronted, according to a French court practice, with former Premier Louis Barthou, who has been subpoenaed as a witness. The testimony is to be concluded to-day with the evidence of Barthou and Mme. Bertha Gueydan, the first wife of Caillaux.

The long strain is beginning to tell on Mme. Caillaux. She felt exhausted and ill but showed a strong determination to face the ordeal with calmness.

The testimony of the first three witnesses to-day concerned the private letters which the defense seeks to show Calmette intended to publish. Gaston Dreyfus, a banker and a friend of the murdered editor, testified that the scientist, Paul Painleve, who yesterday said Dreyfus told him that Figaro was going to publish a number of private letters must have misunderstood him. He referred to the Fabre report on the Rechet swindle and knew nothing of private letters.

The rapid succession of witnesses was interrupted by confrontation of Dreyfus and Painleve, both of whom maintained the accuracy of their depositions with considerable heat. The judge ended the incident by saying that the jurors must decide on the accuracy of the evidence.

mingo, or They Threaten to Resort
to Armed Intervention.

Washington, D. C., July 23.—Pressed by European powers, the United States government will demand a restoration of peace in the republics of Haiti and San Domingo or threaten armed intervention.

Not only have the military forces in Haiti refused to heed the warnings of the American government that fighting should cease and property be protected, but official dispatches last night reported the failure of attempts to settle the Dominican revolution by diplomacy.

N. H. POSTOFFICE BURGLARIZED

Books, Stamps and Money, Amounting
to Several Hundred Dollars, Stolen.

Gonic, N. H., July 23.—Early yesterday burglars blew the safe in the postoffice and rifled it of its contents, consisting of business books, stamps and money, the loss amounting to several hundred dollars. As his accounts were stolen, Postmaster J. Shapleigh Allen is unable to give the exact amount of the theft.

The door of the safe was blown off, and there was evidence that nitroglycerine had been used. Entrance was effected by prying a window. The explosion, making a muffled sound, was heard by Mrs. Frank Gray and Mrs. Jennie Roux, who live in the neighborhood, but they could see no evidence of the deed when they looked from their bedroom windows.

The loot was probably carried away in a small bag for one is missing. Tracks of automobile wheels were found near the postoffice door. A general alarm has been sent out.

WAS NO FIGHT

Declares Secretary of American Legation
at Christiania.

Christiania, July 23.—Franklin M. Gunther, secretary of the American legation, yesterday gave the following statement to the Associated Press regarding the allegations made by the Norwegian papers that he had assaulted the harbor master of Christiania several days ago, when that official ordered the steam yacht Pauline, on which Mr. Gunther was a guest, to shift her anchorage: "The occurrence in question grew out of the apparently great anger and violent attitude of a Norwegian harbor police official because an English yacht had anchored in a certain location in the harbor. A prominent Norwegian gentleman and myself were guests of an American gentleman and his wife aboard the vessel."

"My sole connection with the affair was that I insisted that an American lady on board should not be frightened and insulted by the conduct of the official, who unexpectedly climbed aboard while the lady's husband, who had chartered the vessel, had gone ashore."

"There was no clash between myself and the official and unscrupulous published ex-parte statements as to improper language having been used by me are absolutely false. I was interested by the captain of the vessel that he was perfectly willing at all times to comply with the harbor regulations."

SUICIDE BY POISON.

Sailor Killed Himself While Home Be-
tween Trips.

Portsmouth, N. H., July 23.—Lonchus Hubley committed suicide yesterday afternoon at the home of his grandmother, Mrs. Annie Usher, at 65½ Hancock street, by drinking a solution of carbolic acid.

Hubley, who was about 25 years of age, was born in this city, but for the past five years had been at sea in barges and small fishing schooners. He returned here about a month ago, going to the home of his grandmother. He disappeared Saturday morning and nothing was heard from him until yesterday morning, when he returned to Mrs. Usher's house. He remained but a few moments, however, and went out, saying that he was going up town.

He returned early in the afternoon and immediately went to a shed in the rear of the house. About 10 minutes later Mrs. Usher went to the shed to get some wood, and as she opened the door he lay lying on the floor. She detected the odor of carbolic acid and immediately hurried for medical assistance.

Medical Referee A. B. Sherburne and City Physician Charles E. Johnston were soon on the scene but Hubley was dead before their arrival. Medical Referee Sherburne stated that death was due to suicide by carbolic acid poisoning.

No reason is known by young Hubley's relatives and friends for his act. He appeared to be in good spirits and was preparing to ship for another voyage on a schooner.

He leaves a father and several brothers, who live out of town, and a brother, John, and his grandmother of this city.

DIED TO SAVE BROTHER.

Ernest Walker, Aged 20, Drowned in
Hudson River.

Troy, N. Y., July 23.—Exhausted by his efforts in a successful struggle to save his younger brother, Ralph, aged 17, from drowning, Ernest Walker, 20 years old, of Half Moon, Saratoga county, lost his life in the Hudson river near the country club in the town of Waterford last night. Walker came along the river bank and seeing his brother, who was in bathing, struggling in the water, he jumped in without removing his clothes. He succeeded in reaching the boy and handing him to another man who came to the rescue. Ernest, however, sank beneath the water. His body was recovered in a few minutes and although two physicians worked for over an hour to resuscitate him, their efforts were futile.

NEW PRECEPTRESS
FOR GODDARD SEM.

Miss Agnes Safford, Formerly of West-
brook Seminary in Maine, Will
Succeed Miss Porter—Other
Changes Are Announced.

A number of changes in the teaching staff are noted in an announcement made to-day by Principal O. K. Hollister. That Miss Carrie E. Porter, formerly teacher of English literature, has resigned her position as preceptress will be a matter of genuine regret among many of her friends here, but a worthy successor has been secured, it is believed, in Miss Agnes Safford of Portland, Me. The vacancy occasioned by the most important faculty change of the year is to be filled by one who is well qualified to take up the work so well carried on by Miss Porter. A graduate of Emerson college in Boston, Miss Safford has been a teacher for 16 years at Westbrook seminary and preceptress of that institution for three years. The two schools, Goddard and Westbrook, are similar in many respects. It is said of Miss Safford that she has been very successful in her work with girls and the position at Goddard comes in the nature of a promotion with respect to responsibility as well as salary. She will be at the head of the English department.

Miss Clara Whipple of Boston will be in charge of the vocal department the coming year. For two years past R. R. Lamont has taught voice and elocution. Miss Whipple is a graduate of the New England Conservatory of Music and has pursued a two years' course with Clara Lourie Nelson. She has taught in the normal department of the New England conservatory and last year she was in charge of the vocal department at Marionville college in Missouri. She has a fine soprano voice and has been markedly successful in church and concert work.

A graduate of St. Lawrence university is to be at the head of the history courses. F. E. Dexter, who comes to Goddard highly recommended, succeeds Frederick McCullough, who was engaged during the school year in 1913 to take the place of H. E. Averill, who resigned as assistant principal to go into the banking business. Philip H. Dow has been engaged to teach the sciences. Mr. Dow succeeds John R. Kurtz, who had charge of the sciences and the courses in mathematics. It is announced that all other teachers on the faculty last year will return.

Mr. and Mrs. Charles Beals of Turner, Me., will have charge of the boarding department, succeeding Mr. and Mrs. Herbert N. Gilman. Mr. and Mrs. Beals have been at the school for several years and during the past few summers they have been in one of the hotels at Ferry Beach park during the Universalist meetings. Mrs. Beals will also act as matron. Their daughter will enroll as a member of the junior class at the seminary.

Morrisville, July 23.—Clinton H. Ward of Morrisville, son of the late H. O. Ward, who came here yesterday with his mother and his brother, Burton, and the latter's family to attend the funeral of his cousin, Harlan P. Munson, died at 7:30 last evening as the result of injuries received when his automobile was overturned as he was returning to the Munson home from the cemetery.

The accident occurred at 4:30 yesterday afternoon while he was rounding the turn near the C. H. Small residence. Running at a low rate of speed Mr. Ward in some unaccountable way lost control of his machine, which ran for a little distance on the edge of the bank, when it swerved to the left, the car going down the bank and turning completely over. Mr. Ward's breast was crushed against the steering wheel, causing internal hemorrhages resulting in death.

After the accident Mr. Ward was conscious and walked for a short distance, when he fainted. After being taken by ambulance to the Munson house he remained in that condition until last night.

Mr. Ward was alone in the car, his mother, brother and family having returned from the cemetery by carriage. The body will be taken to Morrisville, where the funeral services will be held.

Moretown, July 23.—Clinton H. Ward, who was killed at Morrisville yesterday by the overturning of his automobile while returning from the cemetery, following the burial of H. P. Munson, was born in Duxbury on August 11, 1870, being the son of Mrs. Mary (Smith) Ward and the late Hiram O. Ward. He was educated in the common schools of his native town and later at Montpelier seminary and St. Johnsbury academy.

After leaving school he became associated with his father in the latter's extensive business interests, taking charge of the mercantile establishment in Moretown. A brother, Burton Ward, also is engaged in carrying on his father's business, being more closely connected with the lumbering activities. Another son, Carl Ward, is at present residing in California, when he went after leaving college. Clinton Ward was never married and he lived at home with his mother in the fine residence built by his father, who died only a few months ago.

The death of the young man has caused general sorrow in Moretown and vicinity, where he was well known and respected. The arrangements for the funeral had not been completed this afternoon, but it was expected that the body would be brought here later in the day. The young man's father was an only cousin of the late H. P. Munson of Morrisville, whose funeral Clinton Ward and his mother were attending at the time of the fatality.

KILLED BY AUTOMOBILE.

George A. Keaton Was Struck in Hook-
sett, N. H., Last Night.

Manchester, N. H., July 23.—Fatally injured as the result of being struck by an automobile the body of George A. Keaton, aged 65, formerly of 96 Mechanic street, this city, was found lying in the road not far from Johnson's Landing in Hooksett, last night, by Dr. W. E. Smith of Franklin, and shortly after the injured man arrived at the Sacred Heart hospital, he died.

Who was the driver of the car that struck the man, causing his death is a puzzle the police are now trying to solve, with the faintest kind of a clue to work on. That the man had been in the road for some time before discovered is certain as an auto coming towards this city, bearing Dr. Eugene Letendre, of 339 Hanover street, his wife and two friends was halted by Dr. Smith and the Mass.achusetts man states that he had not met a car going north within a mile from the place of the accident.

Keaton's body was horribly mangled. He sustained a compound fracture of the right leg, his head and face were badly crushed, all his teeth knocked out, his tongue torn from his mouth. Unconscious when found, the injured man never regained his senses.

SCOTT-MANN.

Wedding at Bride's Home Was Attended
By 75 People.

One of the season's prettiest weddings was celebrated at the home of Dr. and Mrs. W. F. Mann, 175 Washington street, last evening, when their younger daughter, Miss Ivis Iona Mann, was united in marriage to Albert E. Scott, only son of Mrs. James Scott of 50 Pleasant street. The ceremony was performed at 8 o'clock by Rev. J. W. Barnett, pastor of the Congregational church, and in a bridal party that numbered nearly 75 people, were close friends and relatives of the couple from a distance as well as many of their Barre acquaintances.

The setting for the ceremony was an artistic arch of evergreen, palms, ferns and lilies arranged in the parlor, where the decorations were made to harmonize with the arch. The bride was attended by her sister, Miss Beatrice Mann, and Alexander Dowers, a long-time friend of Mr. Scott, acted as groomsmen. The double ring service was used and the bride was given in marriage by her father. Promptly at 8 o'clock, the bridal procession marched into the parlor to the strains of the wedding march from Wagner's Lohengrin, played by Miss Mary Walker. Four ribbon-bearers, Miss Gladys Sutor, Miss Luna Morgan and Miss Agnes McKay of this city, and Miss Gladys Rice of Altona, Pa., formed an aisle as the party entered the arch. Little Miss Evelyn Mann of Brattleboro, a cousin of the bride, was the ring
